

The Forward Thinking Executive

A Prestigious Leadership Programme

New 3 Day Programme for Company Executives in Singapore

14 - 16 September 2015

This programme will give participants an opportunity to explore and reflect on innovative ways to test the design of their strategy, tackle business priorities and plan for emerging challenges. It also covers contemporary issues concerning corporate governance and risk management.

A case study approach is used throughout to focus on the modern day challenges and the way in which the executive role is evolving. There will be ample opportunities for you to contribute to discussions with your peers and draw on the board room experiences of the programme director.

Key Areas Covered

Strategy and planning
Performance monitoring
Executive dashboard
Financial prudence
Business transformation

Risk management
Corporate governance
Directors responsibilities
Talent management
Executive presence

GGV

- Handling conflicts

Programme summary and close

Programme Director - Raj Gandhi

Raj founded GGV in 2011 to provide distinct consulting services and tailored executive programmes. This follows a career spanning 25 years in well-known multinationals and SMEs.

He is renowned for delivering highly engaging and pragmatic executive programmes for prominent organizations such as the Institute of Directors and other professional bodies. Raj trains over 200 executives each year across the UK, Asia, Middle East and USA.

Formerly executive director of London Capital, Raj worked alongside the CEO to shape strategy. He also held senior roles in Royal Dutch Shell, Man Group, Empire Stores and Burberry.

Raj is a member of the Institute of Directors and is professionally qualified in accountancy (FCCA) and corporate treasury (FCT). This newly designed programme draws on Raj's insights and past experiences as a board director.

"Very knowledgeable, interactive and tailored to group requirements"
